Attachment A

Office & Meeting Room Cleaning Protocol

Staff will be required to clean all used work areas and client spaces after use.

SYDWEST MULTICULTURAL SERVICES cleaners attend offices regularly during the week.

PPE provided for staff use:

- Disposable Gloves – discarded after each clean
- Face Mask (optional)

Equipment onsite for cleaning:

- Paper towels / disposable cloth/ disposable wipes
- All disinfectant products are alcohol-based at least 70%

Recommendations for cleaning practice for all staff:

1. Clean hands immediately after removing gloves using soap and water or hand sanitiser.
2. Always clean from the cleanest surfaces to the dirtiest surfaces. This stops the transfer of germs to cleaner surfaces and allows you to physically remove and dispose of the largest possible amount of germs.
3. Allow the disinfectant to remain on the surface for the period of time required to kill the virus (contact time) as specified by the manufacturer (on the bottle).
4. Any cleaning methods that may disperse the virus or create droplets, such as using pressurized water, pressurized air (including canned air cleaners), dry cloth and dusters should be avoided
5. Rooms or areas of the office that are not in use do not require cleaning i.e. closed off meeting rooms
6. Any shared technology equipment must be cleaned before and after its use. Use the cleaning product recommended above. This includes electronic white boards, keyboards, computer mice, monitors, laptops, terminals, iPads, touchscreen computers or any other technology equipment. Ensure not to douse the equipment with the cleaning product.
